## Chemistry Student Mobility WG

Perugia, September 11, 2021

COVID-19 outbreak negatively affected ongoing or planned activities under the Mobility programme.

Consequently also the common activities regarding our WG have been considerably reduced.

## Chemistry Student Mobility WG Perugia, September 11&12, 2021

### Chemistry Student Mobility WEB PAGE

*The screen view of the Chemistry Student Mobility Working Group web page has been modified and rearranged.*

**x NEWS** regarding **NEW JOB OPPORTUNITIES**, **Scholarship offers and Post-doc positions** or information for **Schools and / or Conferences** have been included on the webpage.

**x** Information about two surveys ran by the European Commission to better understand the way European Universities jointly address common challenges brought by the health crisis.

## Chemistry Student Mobility WG Perugia, September 11&12, 2021

### **MAIN TOPIC ADDRESSED**

## Chemistry Student Mobility DATABASE

# *In this regard, there was a full agreement on the importance of updating the database and a lively discussion about the changes to be made and how to improve the search method. **NEED OF UPDATING***

# **HELP** for Student's Mobility

# **ECTN VISIBILITY**

# A certain number of **new filled Database Forms** have already been received both from different Institutions and from the Label Committee

# **Efforts** made to renew the Student and Mobility database.  
*However, further work should be done for improving the search system and updating information.*
